

The Magazine Winter Games Supplement.

This special supplement is the first of its kind in my recollection. I think it is an excellent idea and its details bring credit to all concerned. Britain has long enjoyed a high reputation for sportsmanship and the chief reason for this is also a lesson to each of us:- not to try to grasp personal success at the expense of other people, but to work together for the good of all. We, in School, are learning this lesson so that we may practise it when we go out into the world. This record shows how successful your efforts have been. Carry on, and good luck to you all; remember that we can never get out of a thing more than we are willing to give to it.

Association Football.

This has been a historic season for the school. Although we won six and lost six matches, I can say that all the team fought to gain victory to the utmost of their ability. Victory however, is not the aim in any sport, but rather the team spirit that arises. I must praise the leadership of D.Orbell, last terms captain. He carried out his job to everyones satisfaction. I must also mention C.Gay and M.Dashwood who left at Xmas. They had a large share in the building of the team. I thank especially Orbell for his magnificent backing, and also Lucas and Veverka, two outstanding members of the team. I can not say what next seasons term will be like, but I hope that they will go forward in good spirit and true sportsmanship.

T.Schoemaker. (Captain.)

School Matches.

The School Team met with varying success during the past season. In all they won six and lost six matches, and in doing so scored 70 goals against 48. There were two captains this season. D.Orbell led the side until Xmas and then T.Schoemaker took over the captaincy. Both did their jobs extremely well and deserve high praise. G.Lucas, G.Norton, D.Orbell and A.Veverka played in all matches and with R.Hutchinson, R.Lyon-Smith, B.Horner and T.Schoemaker formed a reliable nucleus for the side. The following boys were awarded their School Colours and are to be congratulated.

Hockey.

This has been a most enjoyable season for all members of the team. We have had many successes and only two defeats in 14 matches. I wish here to pay tribute to the leadership of John Davies in the first part of the season, and to thank John Crook, my vice-captain, for his invaluable help. We were sorry to lose the services at Xmas of J. Davies, J. Garfield, H. Porter and B. Wall, and we must thank G. Lucas, D. Orbell and T. Schoemaker, who helped us when the football team was without a match. Although next season we shall be without some of our best players, let us hope that their places will be worthily filled by those who follow them, and that the team will go on from strength to strength as it has done this term.

B. Lawes. (Captain.)

School Matches.

This has been a very successful season and the School's hockey standards are definitely on the upgrade. Fourteen matches were played. Eleven were won, two lost and one drawn. 61 goals were scored against 23. The team started the season under the capable leadership of last years captain, J. Davies. When he left at Xmas the captaincy was taken over by B. Lawes, with J. Crook as vice-captain. These two safely shepherded the team through the remainder of the season.

The following boys are congratulated on being awarded their School Colours.

Cross Country Running.

With the advent of the new time table, cross country came into its own, for the first time since the School moved to Sherborne. Training runs led up to Team Trials after Half Term. At the end of this term we have had two School matches and three inter-house races.

We were unlucky to lose the services of J.Crook, P.Crook and R.Harding through injuries and would like to say how much we missed them.

School Colours were awarded to K.Baker, D.Orbell and A.Veverka. Don Orbell, the winner of the open team race, will be presented with a Silver Trophy on Sports Day.
